### About Turnberry Isle Miami - Miller Course (PKG)

World Golf Hall of Famer Raymond Floyd completely redesigned both championship courses from tee to green and the results are nothing short of spectacular. In doing so, he also changed the landscape of Florida golf. It's golf unlike any other in the Sunshine State with gently contoured fairways, doglegs, spectacular water features, and more elevation changes than is often seen in this part of the state. The Miller Course (formerly North Course) is a par-70 layout that measures around 6,700 yards. Designed as more of a friendly, resort-style course, several of the holes wrap around Lake Julius, named after the late PGA Tour professional, Julius Boros, who lived nearby and was known to have been fond of fishing in these lakes in the resort's early years. Try not to be distracted by the pink flamingos nesting on Lake Julius. The Turnberry Isle Miami is the official host of the ADT Golf Skills Challenge and The Stanford International Pro Am, an official LPGA tour event.

### About Turnberry Isle Miami - Soffer Course (PKG)

World Golf Hall of Famer Raymond Floyd completely redesigned both championship courses from tee to green and the results are nothing short of spectacular. In doing so, he also changed the landscape of Florida golf. It's golf unlike any other in the Sunshine State with gently contoured fairways, doglegs, spectacular water features, and more elevation changes than is often seen in this part of the state. In September 2018 a new 18th hole debuted on the Soffer Course. The newly renovated hole is a 435-yard par four and requires a precise tee shot over water to a narrow landing area. Beware of lagoons that creep into many landing areas. When you reach 18, prepare for a par four that tests your fortitude with a picturesque Peninsula Green sitting on a legendary finishing hole. The Turnberry Isle Miami is the official host of the ADT Golf Skills Challenge and The Stanford International Pro Am, an official LPGA tour event.
