## ABOUT HACIENDA ALTAGRACIA AN AUBERGE RESORT

Visit Hacienda AltaGracia and experience the transformative waters of Costa Rica. Perched above the cloud line in rolling hills with sweeping views of the San Isidro Valley, sink into a private cabana to take in the peaceful surroundings at one of our two resort pools, take time to reset and recharge with our natural River Bath or a pre-treatment dip in our heated jet pool at Casa de Agua, or explore our lands beyond the hacienda with curated experiences allowing you to enjoy the fresh and salty waters of The Pacific.

AltaGracia is both springboard and sanctuary, offering carefully tailored wellness experiences, soulful culinary, active adventures and cultural excursions to enrich and fascinate, expanding horizons both literally and figuratively. Our dedicated itinerary designers customize unique daily experiences specific to your interests and goals ahead of your arrival.

### DINING

#### Grano

A pure, soulful expression of Costa Rican ingredients and Latin American culinary rituals, Grano is the chef's laboratory. Warm, inviting and rustic in style, the dishes served tell a story – of a place, traditions, ingredients. Influenced by cuisine throughout Central America, the menu hosts a rich palette of flavors with great variety and ever-changing food and beverage journeys.

#### Picoteo

Served poolside, this effortless cuisine is fresh, appealing, and meant to be shared by the entire family. Punctuated by the occasional dinner, Picoteo's menu is inspired by the cuisine and ethos of food as adventure and wellbeing that is signature to Hacienda AltaGracia.

#### Mercado

The heart of the resort, this multi-function crossroads will keep you nourished and refreshed throughout the day. Offering easy access to snacks and beverages, coffee and pastries, the all-day continental-style menu utilizes local ingredients and is a welcoming space for curious minds.

#### Las Brisas

Offering a rotating menu that includes items from Picoteo and classic poolside favorites, the food at Las Brisas is perfect for enjoying a leisurely afternoon. The palapa bar serves beer, wine, and simple, fresh fruit juice-driven, aperitif-style cocktails for chaise lounge imbibing.
