

DESTINATION:

Mexico

SO MUCH TO SEE AND DO

Encompassing both the east and west coasts of one of the most popular "sun-n-fun" destinations, there's no doubt as to why Mexico's year-round warm temperatures has visitors coming back again and again, enjoying everything this sun-soaked country has to offer.

From crystal blue waters and white sand beaches, to tropical forests and friendly locals, Mexico is well-known for its tourist-friendly hospitality. While pesos are the local currency, US Dollars are widely accepted (and often preferred).

Nearby shopping, galleries, entertainment venues, and off-site dining are all within reach. Day trips to historic, cultural, archaeological sites abound, plus adventure activities such as zip lining, 4 x 4 tours, fishing charters, cave exploring and jungle tours make it worthwhile to explore outside the resorts.

With regular flight service from most major airports, both coasts of Mexico are close, convenient, and make the perfect choice for either a weekend getaway, or a full week of fun and relaxation.
